**COMMENTS ON STATEMENT
OF REASONS FOR ALLOWANCE**

Dear Sir:

Responsive to the Notice of Allowability mailed April 6, 2005, Applicant submits the following remarks responsive to the Examiner's Statement of Reasons for Allowance.

Schuchmann, Russell P.

U.S. Serial No. 10/065,688

REMARKS

In response to the Examiner's Reasons for Allowance, Applicant believes that a separate Statement of Reasons for Allowance is unnecessary in the present case as the file history sufficiently sets forth the patentable distinctions of claims 1, 2, 4-13, and 15-20.

The patentability of claims 1, 2, 4-13, and 15-20 lies in each claim as a whole. That is, a single particular element or feature of a claim does not define the claim's patentability, but rather, it is each of the elements and the interconnection therebetween that define that which is claimed.

Applicant agrees with and appreciates the Examiner's acknowledgement that the prior art fails to make obvious Applicant's claimed invention.

Entry of these remarks is appreciated and Applicant cordially invites the Examiner to respond, should the Examiner disagree.

Respectfully submitted,

Timothy J. Ziolkowski
